

New Service

GP Direct Access

St George Private Hospital's new communication line dedicated solely for GPs to assist with improving clinical pathways for you and your patients.

(02) 9598 5455

We know from feedback that quite often locating a specialist with a specific sub-specialty interest or acquiring information on your patients that been admitted to our facility can be difficult. We want to improve communication between our facility and GPs locally so have introduced this new dedicated GP hotline.

This new hotline will ensure we are easily accessible 24/7. We welcome you to call us on the hotline if:

- You are looking for a specialist to refer to in your area.
- You need to find a specialist with a specific sub-specialty interest.
- You would like information on services available at St George Private.
- You require information on one of your patients that has been admitted to our facility.
- You would like information on our GP education schedule or would like to book a meet and greet session with one of our specialists at your practice

Please call our direct GP hotline to speak with a hospital representative who can assist
