

# The future of research at St George Private Hospital

- Our Mission is to continually engage in cross-functional collaboration with each of our stakeholder groups, while delivering the highest level of patient care.
- With years of experience facilitating clinical trials operations in their entirety, our Team is able to provide services to other Ramsay Health Care units, such as trial start-up and education/training.

## Collaboration, Expansion & Diversification

- Through procurement & delivery of various industry-funded & investigator-driven projects, our Vision is to continue the successful expansion of the clinical trials portfolio, which will lead to the growth and diversification of our therapeutic offerings.
